## BIG BOYS' CAMP WILL BE HELD AT SYLVAN LAKE

A splendid group of older boys and leaders of Sunday school groups are planning to attend a provincial leadership training camp which will be held at Sylvan Lake from June 30 to July 8. The Calgary delegation will number 20 or more; Edmonton will send a similar group and many points throughout the province will be represented at what promises to be one of the most important boys' work gatherings of the year.

PROGRAMME FOR CAMP.

The programme for the camp is in the hands of a strong group of leaders and should prove of exceptional value. The leaders and their subjects are as follows: T. D. Moffatt, vice-president of the Alpine club, "Camping"; W. G. Carpenter, superintendent of schools, Edmonton, "Bible, prayer, and flowers"; R. E. Galloway, general secretary religious educational council of Alberta, "Practical methods of work for rangers and taxi boys"; G. R. Jackson, physical director, Y.M.C.A., Edmonton, "Life-saving drill, athletics, group and team games"; Capt. G. A. Clarke, First Baptist church, Edmonton, "Bible Study"; W. A. Williams, newly appointed Y.M.C.A. field secretary for boys and town and country work, "The psychology of adolescence and principles of leadership"; Rev. E. S. Bishop, Methodist social service director, Edmonton, "The social service as life work"; Mrs. J. M. Harrie, secretary Y.M.C.A., "Practical methods of work"; Mrs. D. B. Powell, secretary Y.M.C.A., "The psychology of adolescence"; demonstration of a "Taxi Boys' parliament."

Mr. A. L. Marks, executive director of Edmonton, will act as grand master of the camp and have direction of the programme which is arranged for boys and leaders a thorough training in the methods of conducting Canadian Standard youth religious education and Trail Rangers and Taxi Boys.

The camp is promoted by the boys' work board of the religious educational council of Alberta, which is composed of representatives from all Protestant churches and the Y.M.C.A. Among other important matters to be decided at the camp will be the time and place of the annual meeting of the Y.M.C.A. Boys' parliament, which will be held during next winter for the discussion of matters related to the C.B.S.T. programme.

The committee in charge of the camp are: T. B. Moffatt, chairman; Roy Mosher and Guy Morton, business arrangements; O. A. Marks and W. G. Carpenter, Y.M.C.A.; R. E. Galloway and Wallace Forgie, executive secretaries.

THE GRAND LODGE

The meeting of the Grand Lodge, A. F. & M., of Alberta, took place at Banff last week. The Worshipful Grand Master, W. J. D. Brough, and representatives from Red Deer were W. J. Stephenson, W. J. D. Brough, and W. J. Stephenson. Grand Master was appointed District Deputy Grand Master for this district. Grand Master Stephenson was in the chair, and with past master's jewel during the sessions. John Kemmis, M.P.P., Cowley, and W. G. Carpenter, Y.M.C.A., were elected Grand Master for the ensuing year.

H. A. CRAIG, OF EDMONTON

WILL SPEAK AT THE NEXT BOARD OF TRADE BANQUET

The next monthly banquet of the Community Welfare section of the Board of Trade will be given at the S. Hall of the Methodist church, Sunday, June 24th, at 6:30 p.m. This gathering, while not in any degree lacking the spirit of good fellowship which made the last banquet so enjoyable, will have a more serious character. The committee in charge of the banquet to provide a varied program, so that each event will stand out in the minds of those attending as having a distinct merit. They have been fortunate in securing an address from Mr. H. A. Craig, Deputy Minister of Agriculture, Mr. Craig, who is a graduate of the Guelph School of Agriculture, and a former superintendent of demonstration farms in this province, and is thoroughly conversant with the problems that obtain here. He is greatly interested in men's work and was formerly in charge of the men's work association in Edmonton.

As one of the objects of the Community Welfare section is to promote a better understanding and feeling of good fellowship between the farmers and the business men of the town, it is very desirable that a great many from the country should be present at this banquet. The committee in charge are being made to have Mr. Wood, of the U.F.A., give an address at a later date. The banquet will be a wide and varied experience and his intimate knowledge of the affairs of this province will be a great asset. The program will be kept up to the highest standard, and similar arrangements will be made for all future banquets. The sale of tickets is of necessity limited, but an effort will be made to accommodate all who desire to attend. Further plans of interest to every member of the community will be announced, and the committee will welcome any suggestion whereby its work may be improved. Remembrance of the banquet will be the place—Methodist S. S. Hall, June 24th, 6:30 p.m.

## Mothers! When Buying Shoes Think of Quality, Not of Price

Because it is the length of life of a shoe that determines its real cost to you. You may save a few cents in the original purchase, but have cheaper shoes that wear out in half the time.

Hurlbut are without doubt the highest quality of children's shoes made today—the fact that they cost more per pair is entirely offset by the far longer time they last and keep their shape, and by the comfort and perfect fit they give.

**MERCHANTS BANK**

Reports a Remarkable Year's Growth. Increase of Assets Was Nearly \$1 Million Dollars. While Deposits Increased \$250,000. Shareholders Participated Largely in Prosperity.

The annual statement of the Merchants Bank of Canada, for the year ending April 30th, shows a remarkable increase both in the volume of business and in the strength and character of the assets, as well as in the profits derived by the shareholders of the Bank.

The total amount of assets is now in excess of \$700,000 out of profits, an increase of nearly \$1 million dollars for the year. About \$2,800,000 of this increase is not accompanied by any increase of liabilities to the public, being due to the issue of \$1,400,000 of capital stock, now fully paid up, and to the increase of the Rest Fund by \$700,000 of premium on the new stock, and \$700,000 out of profits. The chief cause of the increase in the volume of business is the growth of deposits, which are now over \$65 million dollars, and have increased during the year almost \$25,000,000. Against its total public liabilities of just under \$80 million dollars, the Bank holds quick assets amounting to over seventy-two and a half million dollars, or a ratio of nearly 40.81%.

In spite of the strength of its liquid position, the Bank is doing an immense amount of work for the assistance of current business in Canada, as is shown in the current loans and discounts in the Dominion, which now total \$15,136,913.

Net profits for the year were the greatest in the history of the Bank, amounting to \$1,586,156, an increase of \$300,000 over the previous year. A bonus of 1% was added to the regular 12% dividend, so that the total distribution to the shareholders amounted to \$1,065,236, while \$700,000 was added to the Rest Fund, and \$100,000 was written off Premises Account, the balance carried forward being \$260,774.

The average amount of stock ranking for dividends during the year was about \$5,200,000, so that the average earnings were at the rate of about 20.48%, but the capital employed in producing these earnings was not only the paid-up stock, but also the corresponding amount of Rest Fund, which is similarly the property of the shareholders.

The entire statement reflects the highest credit upon the directors, headed by Sir H. Montagu Allan, and the General Manager, Mr. D. C. Macarow.

"I was for many years a victim of that terrible disease, Rheumatism. In 1913, I was laid up for four months with Rheumatism in the joints of the knees, hips and shoulders and was prevented from following my work, that of Electrician."

I tried many remedies and was under the care of a physician; but nothing did me any good. Then I began to take 'Fruit-a-lives' and in a week I was easier, and in six weeks I was so well I went to work again. I took upon this fruit medicine, 'Fruit-a-lives,' as simply marvellous in the cure of Rheumatism, and strongly advise everyone suffering with Rheumatism to give 'Fruit-a-lives' a trial."

**POLICEMAN KILLED BY BOOTLEGGER**

Grand Forks, B.C., June 10.—George Stanfield, local provincial constable, was shot to death at 12.30 this morning in his own home here by some person or persons unknown, but presumably active in illicit traffic of liquor. Stanfield had been out all evening, and apparently had just come home and was followed into the house by his assailant, or the latter had been waiting in the house for him. His wife, in bed, heard the shot, but he was unable to speak when she reached his side, having been shot through the head. Constable Stanfield had been quite active in endeavoring to stamp out a great deal of illicit traffic in liquor by the bootleggers, who smuggled it across the American boundary line.

**WHEN HIS GRANDDAD PLAYED BOTH ENDS AGAINST THE MIDDLE**

A good story concerning the grandfather of Henry Labouchere, editor of "Truth," is related by George Greville in his newly-published "Memories of an Old Bostonian."

When he was quite a young man, it appears he was a clerk in a bank at a salary of \$20 a week. But he moved in good society, amongst other families he was on visiting terms with those of Sir Francis Baring, the millionaire financier.

This gave him an idea. Presenting himself before the senior partner of the bank where he was employed, he inquired whether it would be possible for him to become a partner forthwith.

"Certainly not!" was the reply. "Why are you only a junior clerk?"

"But, supposing," rejoined Labouchere, "that I had received the consent of Sir Francis Baring to marry his daughter?"

"Oh, that alters the matter entirely! In that case we shall be only too pleased!"

Labouchere next approached Sir Francis, and asked him for his daughter's hand, only to meet once more with a curt refusal.

"But, supposing," said Labouchere, "that I am not a mere clerk, as you suppose, but a partner in the bank?"

The baronet's manner changed. "That being so," he said, "I will talk the matter over with my daughter."

The result was that Labouchere married Sir Francis Baring's daughter, and became at the same time a partner in the firm.

**DENVER LEGISLATES HORSES OUT OF SIGHT**

A striking commentary on the trend of the times is offered by the action of the city council of Denver, Col., in passing an ordinance which provides that no horses or horse-drawn vehicles be brought into the corporate limits of that municipality.

This is the first "class legislation" of the kind on record, so far as is known, but it is safe to say it is not the last. Motor truck manufacturers even go so far as to predict that all the larger centres of population will take similar action within the present decade.

## PROVED TO BE A FRIEND IN NEED

Mrs. 3-room Says Tania. Brought Her Health, Strength and Happiness

"Just think of it, only a few weeks ago I was almost a nervous wreck and life was hardly worth living, but now I am a well and strong woman and I feel more grateful than words can express," declared Mrs. E. O. Groom of 188 Molhorn Street, Colingwood East, Vancouver, B.C., a few days ago.

A year ago last November I was taken down with a serious case of influenza, and I got so bad off that at one time I wasn't expected to live. But after I did finally pull through I was left in such a weakened condition it took an effort for me to move around at all. My appetite was extremely poor and not even the most delicate food appealed to me. My strength and energy seemed to have all left me, and I simply felt miserable all the time. Even my days I had fearful headaches, and when one of them came on me I wasn't able to stay up and would have to go to bed. Sometimes I was laid out for twenty-four hours without letting up and I couldn't stand anyone around me and would have to be left alone in a dark room.

Not long ago a friend of mine advised me to try Tania, and I am indeed thankful that I took it because it has certainly proved to be a friend in need. I have such an appetite now that I want to be eating all the time and everything tastes good and agrees with me perfectly. I seldom have a headache, and when I do it is so light I hardly notice it and my sleep is sound and refreshing. I have already gained eight pounds in weight, and I am getting stronger every day. Everything around me has brightened up, my housework is a pleasure, and life is now worth living. Tania has given me health, strength, and happiness, and I am now convinced that it deserves all the praise that people everywhere are giving it. Tania is sold in Red Deer by Gatz-Cornett Drug & Book Co., and the leading druggist in every town.

## EXAMINER'S REVIEW OF PROVINCIAL MARKETS

Calgary, Friday, June 11.

Cattle. Weather conditions have been the factor in maintaining the cattle prices on their spring level for a longer period than usual this year, but the break which was anticipated last week came during the present week.

Calgary yards and there is a drop of at least a couple of dollars a hundred on the best choice steers are from \$12 to \$14.50; good butchers \$11.50 to \$12.50; choice cows and heifers \$11.50 to \$12.50; the good butchers \$11.50 to \$11.50. Bulls are not in demand and few are worth over \$8.

Veal receipts light and choice calves were around \$14.50. Stockers and feeders have shared in the drop and feeders are from \$9 to \$10.50 and stockers \$8 to \$9 and heifers and cows \$7 to \$8; cows and calves also about \$7 to \$8. Prices on live and dead beef are packers have a high priced beef on hand which they are going to get rid of before they buy much more.

Hogs. Thursday the Calgary hog prices broke badly in line with all the other Canadian markets and the price dropped to \$19.50. This morning there were also a few loads on hand and they sold at \$19.00.

Packers started their efforts at cheaper hog buying at Edmonton on Monday, and the bid then was reduced to \$19.50, though local butchers were willing to pay more, and some sales were made during the week at \$20; however, it is believed that levels of from \$19 to \$19.50 will be the average and the market placed in line with other yards.

Every day we are receiving letters from the mines insisting on us urging our customers to place their orders as early as possible for their winter's supply of coal. It is imperative that you stock your winter's coal during the summer months, as indications at the present time point to a big coal shortage next winter. Mine labor is very scarce, owing to so many miners returning to the European countries. Furthermore, an advance in freight rates is expected shortly and an increase in wages to the miners. You can readily see these conditions are bound to increase the cost of coal.

Again we urge storing your supply as early as possible, firstly, to be certain of your needs; secondly, to save the increase in price.

We are prepared to fill your bins now, and will endeavor to save you these increases if you will kindly book your orders now so that we can protect you as well as ourselves.
